

Requesting and being given Panadol

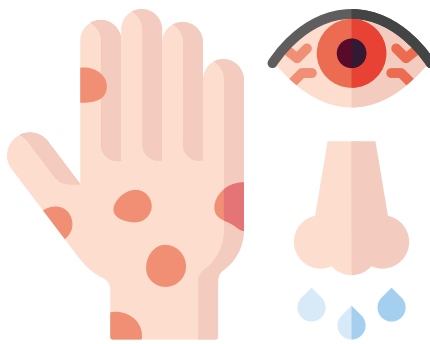

For your safety, staff record when you request Panadol and it is given to you.

If you request Panadol from a staff member:

They will check to see the last time you were given Panadol.

They will check to make sure you have no allergies and are able to be given Panadol.

You will need have a cup of water to swallow the requested Panadol in front of staff, you will not be able to hold it for later use.

It is **dangerous** for your health to exceed the recommended dose so don't get upset if staff advise you need to wait – they are looking after your health and wellbeing.
